THE BEST THING SINCE SLICED BREAD

The best thing since sliced bread.
Uniform and expected.
As you like it; ordered in a line, and packaged.

Not blend, just different.
The worst thing - unexpectedly
not bread at all! Though it is,
in a world where all bread
has or would be the same.

Where is the un sliced
to taste if sliced be best?

Being factory sorted
before cold; made to an order
packet sealed. Stamped approved
as you were told.

To want it.

Bread. The name consisting
many if not all. Perhaps one
of the staple ingredients.

One hopes that bread is what
bread was before names existed.
